Career opportunities: Logistics operator, rail terminal operator, supply chain administration officer, supply chain administration operator, warehouse operator

COURSE DESCRIPTION/SUMMARY

This is a qualification for those engaged in supply chain operations and includes specialisations for logistics and warehousing operations.

It involves a defined range of skilled operations, usually within a range of broader related activities involving known routines, methods and procedures, where some discretion and judgement is required in selecting equipment, services or contingency measures within known time constraints. It may also include responsibility for coordinating the work of others.

Successful achievement of the licensing units within the qualification must align with applicable licensing and regulatory requirements.

Australian College has chosen the "Warehousing Operations" specialisation for the training delivery and assessment of this course.

WORK PLACEMENT* (Experience)

This qualification does not require mandatory work placement. However, Australian College recommends students to have access to a real warehouse workplace for them to practice and complete assessment tasks for following units of competency:

- TLID0020 Shift materials safely using manual handling methods
- TLIX0013X Maintain stock control and receivals

Please contact Australian College should you require further information.

ENTRY REQUIREMENTS

The training package does not stipulate any mandatory entry requirements for the qualification delivered by this course.

However, Australian College has certain admission criteria for this course. Prospective students must:

- be a minimum of 15 years old to be able to work and practice in a business environment;
- provide parent/legal guardian consent, if students are under the age of 18 years at the time of enrolment;
- obtain and provide their Unique Student Identifier (USI) and provide it to Australian College;
- complete the pre-enrolment process including the pre-enrolment Language, Literacy and Numeracy test;
- agree to comply with Australian College policies and procedures as published on the website and outlined in the Student Handbook;

Students must have access to and be able to operate:

- An internet-enabled PC/Laptop or similar running a current operating system (E.g Windows 10 or Mac OSX)
- An audio/video recording device (such as a mobile phone) for the purpose of preparing audio/video assessment recordings
- Microsoft Office (or compatible software)
- Current web browser (e.g., Chrome)
- Adobe Acrobat Reader or another PDF document viewer
- Valid email address

Overseas Students Policy

This course is not available to students on an Overseas Student Visa. As defined in the ESOS Act 2000, 'Overseas students' are not eligible to apply to enrol in this nationally recognised course, nor are they eligible for certification. Please refer to the Enrolment Terms and Conditions.

QUALIFICATION PATHWAYS

On successful completion of this qualification, students may choose to undertake further studies in the qualifications listed below, or a qualification in a related field:

- TLI40321 Certificate IV in Supply Chain Operations
- TLI41522 Certificate IV in Material Logistics
- TLI50221 Diploma of Logistics

TARGET GROUP

Prospective students would see this course as a stepping-stone in their career development, regardless of their current role. It may be a job requirement or a request from and supported by their employer. For some prospective students, undertaking this course may also be at their own initiative, aligning with their personal or professional career objectives.

Prospective students may be:

- Potential students who want to develop skills and knowledge to be able to work and build on a career within the Australian supply chain sector;
 - Employees who have previously worked in this area but don't have formal recognised qualifications;
 - Mature aged workers who want to upskill and improve their employment opportunities
-
